PWIC SERVICES:

MEDIATION:

PWIC provide Mediation Services for disputes and problems for our community members for Divorce, Contractual Agreements, Partnership problems and more.

Mediation is a **VOLUNTARY** process in which PWIC Mediator facilitates communication between the disputed parties enabling them to understand and reach a mutually agreeable resolution to their disputes.

It should be noted that all mediation material, memorands, and communications are completely **CONFIDENTIAL**.

THE Mediator does not provide any legal advice and parties are encouraged to seek the advice of independent Attorney at any time.

The Mediation process will include a minimum , an opportunity for all parties to be heard, to identify the disputed issues and to generate alternativs for solutions and if the parties so desire, the development of a Memorandum of Understanding or an Agreement.
